### **Security Council Press Statement on the Situation in Yemen**

The following Security Council press statement was issued today by the Council's President.

The members of the Security Council strongly condemned the attacks by the Houthi terrorists on a Yemeni military camp in the city of Marib on the 17<sup>th</sup> of February 2023, and were deeply saddened by the loss of lives. Especially considering the already dire humanitarian situation, the aggression towards civilians in Yemen in the form of a drone attack on a residential building presents a serious threat to the peace process and stability. The Security Council stressed that this resurgence and escalation of the armed conflict poses a severe threat to the safety of the Yemeni people and UN personnel present in the region. This situation is the Security Council's highest priority and finding ways to assist and protect the Yemeni people is of utmost importance.
